HISTORY OF SEABINA

Mr. Nguyen Khanh Giau has been working in seafood industry for 15 years, in the beginning when he started to work in a Japanese seafood company he had no knowledge and experience about seafood products, however; with passion and effort non-stop he has learned and worked hard to know well about specification of products, processing techniques, catching procedures and farming of shrimp, pangasius, also about audit and certification.

After 5 years working for Japanese company, Mr. Nguyen Khanh Giau wanted to join in another new company to enlarge his knowledge of seafood industry and relationship with seafood community, at the same time he wanted to challenge himself to develop career further. Luckily, he joined in a Singaporean company that his boss encouraged and assigned him to do many jobs related to sale, quality management, processing, farming, certification & audit, sustainability...with many big factories and companies in Viet Nam, Italy, Spain, South Africa, India, Mexico, US, Japan, UK, France to make him more confident and knowledgeable. Especially, he has worked with UK experts in various aspects of products, processing, quality management, farming, audit, sustainability, social responsibility, food safety, food-factory construction of big retailers such as Sainsbury's, Tesco, Waitrose, Coop leveled him up much.

Even working in the good company with high salary but Mr. Nguyen Khanh Giau was always urged himself to do something different and get challenging more. As the result, he came up with the idea to build SEABINA GROUP and established SEABINA Co.,Ltd in August 2017, SEABINA combines by SEA and BINA (or SPINACH) that means seafood is spinach of sea! A kind of nutritious healthy food.

Mr. Nguyen Khanh Giau has ambition to build SEABINA into GROUP to do various of food businesses:

Today is the first day of voyage, we are sailing SEABINA SEAFOOD boat to oceans to make the idea of Mr. Nguyen Khanh Giau become true in coming twenty years!
